The Michigan City Park and Recreation Board met in a public workshop session with the Michigan City Redevelopment Commission on Tuesday, December 17, 2013 at the hour of 5:00 P.M. in the Emergency Operation Center at City Hall, City of Michigan City, Indiana.

The following persons were present:

Ric Boyd, Shem Khalil, and Jeff Oltmanns, Global Engineering & Land Surveying; Ken Behrendt, Don Babcock, Larry Silvestri, Atley Price, and Michael Gonder, Michigan City Redevelopment Commission; Craig Phillips, Michigan City Planning Director; Bryant Dabney and Phil Freese, Michigan City Park Board; Jeff Katz, Park Board Attorney; Johnny Martinez and Shannon Eason, Michigan City Park Department; Ron Miller, W.E.F.M. Radio; and Mike Dempsey, ALCO TV.

Plans were discussed for a new gateway into Washington Park, a new parking booth structure, a new seasonal operation building and a new shelter with a stage to replace the existing JC Stage.

The group agreed a good site for the new building and shelter would be where the concrete skating rink is located which is near electric, water and sanitary services.

The group agreed to meet with Hitchcock Design Group to get their input on the project before moving forward with design and engineering.

The meeting ended at 6:20 p.m.
